- Milestones will fill every room here – birthdays, graduations, ordinary Tuesdays that somehow become the memories treasured most.
- You will feel a warm sense of welcome as you enter the foyer and walk past the staircase into the great room. The great room is the showplace with its gas fireplace, custom built-in cabinets and its wall of windows framing the outdoors.
- From the great room a hallway leads you back to the primary bedroom as well as a second bedroom or home office on the main floor. The primary suite is your quiet reward – a sanctuary where the beautiful noise of family life softens into peace.
- The kitchen's layout offers lots of counter space as well as premium cabinetry. Bosch stainless steel appliances are the jewelry on this kitchen. Just beyond, a charming butler's pantry provides the perfect space for serving, storage, or a coffee bar before leading to the walk-in pantry.
- Upstairs, you'll discover a peaceful getaway with two bedrooms and two full bathrooms. Plus, a generous bonus room offers space to relax or play.
